

Clinic with FEI Dressage rider and trainer

# Austin Webster

June 8<sup>th</sup> and 9<sup>th</sup>  
At Journey's End Farm

Austin Webster (USA), USDF Bronze, Silver and Gold Medalist, is an internationally competing professional based out of Loxahatchee, FL., at his own Dancing Duo Dressage, LLC.

Known for developing horses from start through the levels with sympathetic, correct riding, Austin's whole approach to developing horses has produced success within multiple arenas, including winning the North American Stallion Sport Test, Regional Championships, Materiale Championships, and Inspections.

This also translates to his teaching, having helped numerous people across disciplines achieve their goals with their horses on a consistent basis; and his sales, successfully helping pair horses and riders.

Currently training with former Olympian and USA Team Rider, Ali Brock, and actively competing FEI with Guildenstern SOL, Indiana R, and Jackpot Zee T, Austin aims for further international appearances as they develop further.

Presented by French Creek Equestrian Assoc and Journey's End Farm.
